You Need a Password Manager!

You really should use one!   Don't know what's out there?

Here are a few to check out. Almost all are free with limits that can be removed or features that can be added by paying a license or subscription fee.

See the chart on the back of this sheet to compare features

LastPass— www.lastpass.com—No free version

Dashlane—www.dashlane.com

Bitwarden—bitwarden.com

StickyPassword—www.stickypassword.com

TrueKey—www.truekey.com

1Password—1password.com—No free version

KeePassXC—keepassxc.org - Completely free, but with less features

Don't like any of these? Just type in "password manager" into your favorite search engine and look through the results.
